

Less is More!

"Positioning for safety/visibility."

Eyes scanning

"Pedestrians ahead."

360 Checks.

"Car/Clear behind (Mirror check)."

Speed right?

"Reduced visibility, walking pace."

Use OAP

"**OBSERVED** park cars, **ANTICIPATE** oncoming cars/pedestrians, **PLAN** to cover the brake/reduce speed."

Vision before decision

"Slow moving vehicle ahead, moving to a following distance. Opportunity to overtake, clear behind (Mirror check)."

Signs and Lines

"Warning sign left hand bend, chevron on the bend, long white lines indicating more hazards."

Limit Point

"Limit point moving towards me, so reducing speed. I'm aiming to travel at a speed which allows me to stop safely within the distance I can see to be clear"
