*In Association with*

**iAM**  
**RoadSmart**

Charity number 517780

### July 2020

In line with recommendations from the Government and IAM Roadsmart, motorcycle observing has been allowed to re start as from the 15<sup>th</sup> of June, with associates being contacted to explain the new process. Pictures below show 2 of our team with their designated associates.

Social distancing is now part of the process, allowing the restart of the motorcycle runs. A change has been made to how the theory work is presented as we currently do not have access to our meeting room. This is now part of the pre ride talks.

Five more associates for the bike section have joined this month. Welcome to Joe Dentith, John Worswick, Steve Mitchell, Gary Williams and Wael Mahlous.

Sadly the car section is still unable to restart at present. We are expecting an update from head office in the not too distant future, with a plan of action for when car observing will restart. Two new associates have joined the group. Welcome to Garry Wilson, and Lee Reece.

The June committee meeting was once again held over Zoom. A good turnout proved that all involved were happy with the format. During the meeting, the committee have agreed to get the SAM Plaque changed at the Royal Clifton Hotel. The old one has been there many years and is looking a little tired. This will be removed over the next couple of weeks and replaced with a new one.

There are still a couple of vacancies on the group committee, Why not join one of our calls held every third Wednesday of the month, and see if it is something that you would like to get involved with. Please contact the group secretary to arrange. These posts are open to both Car and Bike members.

Where associates' membership for the main IAM/Roadsmart expires, during this shut down period, their membership will be extended, at no additional cost, for up to a further six months which should enable all associates to complete their coaching and take their test without disadvantage. Any associates, who have concerns, should contact the customer care team by emailing [support@iam.org.uk](mailto:support@iam.org.uk)
